DIRECTORY OF WORLD-WIDE SURVEYORS

This edition updated January 2023

The following is a list of our preferred surveyors around the world. Please note that in many instances, we also provide a secondary alternative in case of client preference or if the primary surveyor is already acting for vessel interests.

All our agents have been fully appraised of our exacting standards and service requirements and are ready to take immediate steps to best protect your interests.

Kindly note that these surveyors are not employed by us as settling agents as this aspect is handled by our own in-house experts. To avoid delay, clear instructions should be given that **settlement** of claims should be referred to us in London (GMT) or to our regional office in Singapore (GMT +8) according to whichever is closest to the **claimant's** time zone. Our Singapore office contact details are as follows:

Dolphin Claims Services (Singapore) Pte. Limited

101 Cecil Street
